Re: National Association Citizens On Patrol

To Whom It May Concern:

The Armed Services YMCA's mission is to provide quality programs for the military personnel and their families. One way we accomplish this by providing the Armed Services YMCA Holiday Program. The ASYMCA Holiday Program is designed to collect new, unwrapped toys to be given out to the children during the Christmas Season.

The National Association Citizens on Patrol through its 'COPs for the Troops Kids' has supported the Armed Services YMCA's Holiday Program by providing 300 toys for the children of active duty Marines and Sailors stationed at the Marine Corps Air Ground Combat Center, Twentynine Palms and we look forward to another delivery before the Christmas Season is here. The Armed Services YMCA appreciates the support of all law enforcement.

The Armed Services YMCA's Holiday Program for the Marines and Sailors stationed in Twentynine Palms is scheduled for December 20 this year. Our primary focus will be on E5 and below, but open to all active duty military personnel and their families. We anticipate serving approximately 600 families based on last year's figures.

Please do not hesitate to contact me with any questions.

Sincerely,

Anita Neu-Fultz
